Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Thursday 18 Nov 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Rather cloudy, mostly dry. Windy, mild.

Today:
Cloudy and windy with most places dry, although drizzle and fog is likely across western hills, especially during the morning. A few brighter or sunny spells may develop in the east. Gales possible over hills and in the north. Mild. Maximum temperature 15 deg C (59 deg F).

Tonight:
Mostly dry and still windy, although some patchy drizzle and fog is possible over western hills. Some clear spells in the east. Gales over hills. Mild. Minimum temperature 7 deg C (45 deg F).

Friday:
Continuing rather cloudy and mild, with isolated outbreaks of drizzle in the west and some brighter spells in the east. Remaining windy. Maximum temperature 14 deg C (57 deg F).

Outlook for Saturday to Monday:
Rather cloudy, mild and windy with drizzle in the west Saturday morning. Rain band then clearing south later. Colder Sunday and Monday, with sunny spells, showers and brisk northerly winds.
